Consolidated International Plastic Exhibition in Argentina

Under the motto:

**An industry committed to the environment, the
circular economy and innovation**

CAIP organizes every two years one of the most important international exhibitions of the Latin American Plastic Industry: Argenplás.

With a large number of companies that have participated and hundreds of commercial operations carried out, the International Exhibition of Plastics, Argenplás, opens its doors every two years to visitors from all over the world, consolidating once again as the most important exhibition of plastic in Argentina and one of the most prestigious in the region.

The sectors of the plastics industry that will be present at the XVIII International Exhibition of Plastics, Argenplás 2020 are:

- Packaging,
- Automotive and Transportation
- Building
- Electric engineering
- Electronics and mechanics
- Telecommunications
- Home's products
